- 5. Click "**Next**" to confirm the installation.
- 6. Once installed, the Lockdown browser may call up a Microsoft Edge browser window. Close out of the window

#### Verification

To verify if the secure browser is installed in the system before the student starts the test, please follow the steps below:

1. Press the Windows button + R in your keyboard to view the following popup window.

	Type the name of a program, folder, document, or Internet resource, and Windows will open it for you.
<u>O</u> pen:	ESSB://ISDEMO
	This task will be created with administrative privileges.

2. Type "ESSB://ISDEMO" in the text area as displayed above and click OK.

If the secure browser is installed successfully, then the following popup window is displayed.
